Re: State of New Mexico Hazard Mitigation Program Administrative Plan Update

Dear Secretary Mitchell:

We are pleased to inform you that the State of New Mexico Hazard Mitigation Administrative Plan amendment dated September 30, 2018 has been reviewed and is in compliance with 44 CFR Part 206.437; 2 CFR Part 200; and HMA FY15 Guidance.

The State Administrative Plan is a procedural guide that details how the State will administer the Hazard Mitigation Grant Program (HMGP) and HMGP-Post Fire (PF). Following each major declaration, the State shall prepare any updates, amendments, or plan revisions required to meet current policy guidance or changes in the administration of the HMGP. States must have a current Administrative Plan approved by FEMA before receiving HMGP funds. Your plan is approved and it can be applied to the following disasters:

FEMA-4047-NM
FEMA-4079-NM
FEMA-4148-NM
FEMA-4152-NM
FEMA-4197-NM
FEMA-4199-NM
FEMA-5184-NM

We commend the State of New Mexico for your dedication to mitigation and for the close coordination and communication with our office in the review and subsequent approval of this plan.
